## Experience

### ***Front-End Developer (Kan\_Guroo) | 2025–Present | Tbilisi, Georgia***

- Developed responsive React interfaces with JavaScript, TypeScript, and Tailwind CSS; built dynamic features, integrated REST APIs, leveraged AI tools, optimized SEO and performance, and collaborated with back-end teams and clients to deliver scalable, high-performance solutions for startups and small businesses.

### ***Back-End / AI Developer (Breneo) | 2025–Present | Tbilisi, Georgia***

- Built full-stack web applications using Python (Django), Node.js, Express.js, REST APIs, databases, and modern front-end tools (HTML, CSS, JavaScript, Typescript, React); utilized AI frameworks to accelerate development, enhance UX, and automate content-driven features, while delivering scalable solutions for startups and small businesses.

### ***Web Developer (Freelance) | 2025–Present | Tbilisi, Georgia***

- Delivered full-stack, responsive web solutions using HTML, CSS, JavaScript, Typescript, React, Node.js, Express.js, and Python (Django); integrated REST APIs and databases, leveraged AI tools, applied SEO and performance optimization, and collaborated with clients to launch scalable, high-impact products for startups and small businesses.

### ***Manager (Tegeta Motors) | 2023–2024 | Tbilisi, Georgia***

- Managed operations and team coordination, optimized workflows, implemented digital tools, enhanced cross-department collaboration, and developed leadership and project management skills directly applicable to tech project delivery.
